

Toyota Ireland: Why we're here.

Toyota devotes tremendous resources to developing the safety technologies fitted to our cars.

However, it isn't just up to us.

Safer roads mean better roads, better instruction of drivers, and better behaviour on the road by you and all drivers.

That's why Toyota Ireland is proud to support the **Irish School of Excellence Driver Education for Secondary Schools Programme**.

Even if that is quite a mouthful.

It reflects our commitment to fostering better, safer driving and to heightening the safety-consciousness of young adults.

That's you. Safe driving.

TOYOTA

Cover Theory.

Before learning to drive on public roads in Ireland, you must learn the theory behind driving a car.

That means a bit of study to prepare for the **Driver Theory Test**.

First things first, the **rules of the road**. What they are, what they're for, and why you should always obey them.

Traffic signs, penalty points, motorways, roundabouts, vehicle safety and speed limits to name just a few.

Then there's a bit of physics. The dynamics of handling a large, powerful, heavy object, awareness of hazards and risks, and what can happen when things go wrong.

Study all this and take your Driver Theory Test. When you pass you qualify for a **Learner Driving Permit**.

Cover Practice.

With your Learner Driving Permit in hand you are now entitled to learn how to drive on the road.

The first time you sit in the driving seat of a car to drive is a little thrilling. And a bit intimidating, too.

Take lessons in becoming a safe, responsible driver with an **Approved Driving Instructor**. It'll come to you sooner than you expect.

Always remember, though, that while a car brings independence, it also brings responsibility for the safety of yourself and your passengers.

The more practice you get the more experienced and capable you will be when it comes to sitting your test.

Once you are fully prepared, you'll take your driving test. Pass that, and you qualify for your first **Full Driver's Licence**.

Toyota Dealer Cover.

Not yet. But one day you will be a fully qualified driver and you may be in the market for a car of your own.

And that's the very good bit.

Naturally, you'll want to choose the perfect model, size, style and colour that suits you and your pocket.

Your Toyota dealer has a range of **Assured Used Cars** in every make and model with **Toyota Dealer Cover**.

Choose a car that's been through a meticulous 46 point check up that certifies it as meeting rigorous Toyota standards, giving you a guarantee that you are driving a safe reliable car.

What you'll also get is a **12 month unlimited mileage warranty** that offers you **24 hour roadside assistance** and peace of mind with the Toyota Dealer Cover seal of approval.

And covered, 24 hours a day, is exactly what you'll be.

Lock your keys in the car at a concert, or simply run out of petrol on the way to the waves, and Toyota Dealer Cover will be on the way.

So when the time comes to sit behind the wheel of your own car, call into your local Toyota Dealer or visit **www.toyota.ie**

- ✓ 12 Month Unlimited Mileage Warranty
- ✓ Free 24 Hour Roadside Assistance
