Summary of the program	<p>The essence of the programme is that a small dog helps kindergarten and elementary school children to learn playfully, almost imperceptibly the traffic rules, the basics of proper road use.</p> <p>Taking advantage of the Jack Russel terrier's (name: Mancs) talents and love for children, the program has been structured to be easily adapted to the children's age, to their situation, which is also an interactive activity.</p> <p>Main elements:</p> <ul style="list-style-type: none"> - short-lane barriers and obedience show starring Mancs - road traffic signs education by using a frisbee - playing tag game based on the Highway Code rules at the end of the class 	<p>Explain the theme, purpose and the main elements.</p> <p>Max: 100 words</p>

<p>Transferring authority and multiply effect</p>	<p>The 2.5-year experience proves that almost without exception, the children who have participated in this program have learned the traffic rules on the level expected from their age group.
