WICKLOW County Council has started public consultation as they intend to make special speed limit bye-laws in respect of certain regional and local roads.

It follows a review of speed limits in accordance with the guidelines for setting and managing speed limits in Ireland issued by the Department of Transport, Tourism and Sport.

Speed limits apply on a default basis and can only be changed on a permanent basis, as fixed, variable or periodic by Local Authorities through the making of special speed limit bye-laws.

The speed limit does not apply to a driver of a fire brigade vehicle, an ambulance or the use by a member of the Garda Síochána of a vehicle in the performance of the duties of that member or a person driving or using a vehicle under the direction of a member of the Garda Síochána, where such use does not endanger the safety of road users.

The draft speed limit bye-laws together with associated maps are available for inspection at Wicklow County Council Offices and the Municipal District offices in Arklow, Baltinglass, Bray, Greystones and the Tinahely Area Office.

The draft bye-laws are also available for inspection or download on the Council's website <https://www.wicklow.ie/Living/ConsultationHub>.
