Road Safety Ireland

ROAD SAFETY IRELAND ROAD SHOW

Is about alcohol, drugs, seatbelts, and risky behaviour in general. This education gives you some knowledge into how alcohol, drugs, fatigue, and distraction can affect driving ability, and how seatbelts save lives. We use practical demonstrations, coupled with world leading VR technology, state of the art simulations and equipment for this Road Safety Programme. This is interactive, immersive learning, delivering the highest possible levels of retention of knowledge. The programme equips staff with the knowledge, safe driving practices and skills that they can take with them for life.

THE MAIN LEARNING OUTCOMES OF THIS COURSE ARE:

The Fatal 5 Challenge Reaction/Distractions:

- Learn the 5 main causes of car collisions:
 1. Speeding
 2. Distracted Driving
 3. No Seatbelt
 4. Driving Tired
 5. Drunk/Drugged Driving
- Tyre Display.

Distraction Test/Safe Stopping Distances:

- Learn about the dangers of mobile phones while driving – Handheld and hands-free kit.
- How quick can you stop? Distance you should leave.
- What happens if you take your eye off the road for 1 or 2 seconds?
- Learn why phone related accidents are so serious.

Virtual Reality and Drunk/Drugged Impairments:

- Virtual Reality car crash experience.
- Experience the effects of drink and drugs including prescription drugs and learn how they can affect your driving.
